iSigma Partners Corporation

Acquisition of VarioSecure Inc.

On Jun 7, 2016, iSigma Business Advancement Fund II Investment LLP (“the Fund” hereafter), managed and operated by iSigma Partners Corporation (“we” hereafter), agreed to acquire all outstanding shares of VarioSecure Inc. (Shibuya-ku, Tokyo; “VarioSecure” hereafter).

VarioSecure is engaged in providing comprehensive internet security services which protect network environment of enterprises from various threats arising from internet usage, by utilizing its in-house developed security instruments and unique operation system. VarioSecure is able to provide comprehensive one-stop security services from installation and implementation to operation, monitoring and support to small and medium-sized enterprises which have difficulties in sparing dedicated personnel to IT issues which have been and are becoming sophisticated and complicated day to day.

In the future, we will actively support VarioSecure and pursue further growth and development of the company by combining its solid business foundation with our management improvement methods and business expansion initiatives.
