iSigma Capital Corporation

Capital and Business Alliance with GrapeCity inc.

iSigma Business Advancement Fund III Investment Limited Partnership (“the Fund” hereafter), managed and operated by iSigma Capital Corporation (“we” hereafter), made an equity participation in GrapeCity inc. (Sendai-shi, Miyagi; “GrapeCity” hereafter) on January 31, 2023.

GrapeCity operates multiple businesses in different industries with a focus on developing software products such as software development support tools to ease the burdens of programmers and enable the efficient implementation of advanced functions, plug-ins that make cloud services even more convenient and business support systems for incorporated educational institutions and social welfare facilities.

We will actively support GrapeCity in the pursuit of continued growth and development by combining the company’s robust business foundations with our management improvement skill set while leveraging the vast global client network of our parent company, Marubeni, together with initiatives for strengthening business, such as marketing, the development of strategic partnerships and new domestic and foreign sales channels and the optimization of procurement and logistics.
